REPORT

ON THE

EXTERNAL TRADE OF BENGAL

INTO

NEPAL, TIBET, SIKKIM AND BHUTAN

FOR THE YEAR 1890-91.

No change was made during the year in the system of registering the external land trade of Bengal with Nepal, Tibet, Sikkim and Bhutan. The trade with Nepal is registered at 32 important routes of traffic between Chumparan and Darjeeling; that with Tibet and Sikkim at 3 routes in the Darjeeling district; and that with Bhutan at 3 stations in the Julpigoree district. The result of the registration of the traffic during 1890-91 is given in this report.

In the matter of the valuation of articles, it may be mentioned that, previous to June 1889, value rates were based on the average wholesale price per maund reported from 12 selected districts. In accordance, however, with the instructions contained in the Revenue and Agricultural Department circulars noted in the margin, the old method of valuing opium and certain other articles for the purposes of the internal trade was changed, and one general list of value rates was adopted for both the internal and external trade reports of Bengal. In their letter No. 128, dated 13th January 1891, the Government of India, Department of Finance and Commerce, however, pointed out that the objects and procedure of registration of trans-frontier trade are not identical with those of the internal trade, and consequently any instructions issued by the Revenue and Agricultural Department in regard to the system of valuing articles of internal trade should not be held to apply to the external trade; and it was directed that the old method of valuing the trans-frontier trade be reverted to. Revised returns for each month from the date on which the system of valuation was changed have therefore been furnished to the Government of India as desired. The statistics for 1889-90 published in last report will not therefore correspond with those given in the present report.

2. The following statement compares the total value of the trade registered in Bengal during the past three years at all the stations :—

3. Compared with 1888-89 and 1889-90, the total trade of the past year showed a rise of 30·91 per cent. and 10·37 per cent. respectively. The imports showed an advance of 13·10 per cent. over the figures for 1889-90, and of 31·90 per cent. over those for 1888-89. Under exports, the increase during the past year was 7·06 per cent. and 29·66 per cent. on the returns of the preceding two years, respectively. The causes of the fluctuations are explained further on in the different sections of the trade dealt with in this report.

GENERAL
NOTICE.

4. The figures given in paragraph 2, relating to the Nepal trade, include statistics of the trade between that State and other provinces which passed through, and was registered at, the registration stations in Bengal. The value of that trade during the past three years is given in the subjoined statement:—

YEARS.	Imports into other provinces from Nepal.		Exports from other provinces to Nepal.	
	Rs.		Rs.	
1888-89	...	1,84,334	...	2,01,527
1889-90	...	98,175	...	1,86,615
1890-91	...	3,61,483	...	2,65,306

No trade is carried on between the other frontier States and other provinces through Bengal.

TRADE WITH
NEPAL.

5. In the following statement the total value of the trade between Bengal and Nepal during the past year is compared with that of the two previous years:—

YEARS.	Imports from Nepal.	Exports to Nepal.	Total.
	Rs.	Rs.	Rs.
1888-89 ..	93,97,491	74,30,836	1,68,28,327
1889-90 ..	1,09,24,413	89,01,832	1,98,26,245
1890-91 ..	1,21,24,716	94,24,926	2,15,49,642

The foregoing figures show a steady increase year by year, both in imports and exports, the advance in the total value of the trade of the past year being 8.69 per cent. and 28.06 per cent., as compared with 1889-90 and 1888-89 respectively.

6. The usual comparative statement showing the total quantity and value of all the principal staples carried both ways during the past three years is appended. The figures shown here, however, are exclusive of the registered trade with other provinces which passed through Bengal.

Looking to the imports, the greatest improvement is observable under food-grains (6,05,330 maunds), treasure (Rs. 4,12,901), and linseed, while mustard seed, cattle, tobacco, and ghee show a falling off. In the export trade the largest increase occurred in silk, manufactured (Rs. 71,798), and the largest decrease in European cotton piece-goods (Rs. 2,21,751).

7. *Cattle*.—The past year's trade under imports declined in comparison with the two previous years. There was a decrease of 14,912 cattle sent to Purneah.

8. *Cotton piece-goods*.—The exports of European piece-goods showed a falling off of 7.56 per cent. on the trade of the preceding year, but the past year's figures were 17.08 per cent. in excess of those for 1888-89. Last year the consignments through the Chumparun district were 11.84 per cent. below the previous year's figures, as will be seen from the subjoined statement:—

The imports again showed a large increase of 30·25 per cent. as compared with 1889-90, and of 106·33 per cent. on the trade of 1888-89; the improvement in last year's trade was due to good harvests in Nepal. The following statement shows the total quantity of food-grains imported through each registering post, district by district, during the year:—

10. *Hides of Cattle.*—The improvement noticed in the imports in the two previous years was not maintained, the past year's figures being 20·15 per cent. below the quantity received in 1889-90 and 13·34 per cent. below that received in 1888-89. The undermentioned stations registered the supplies during the past three years:—

11. *Skins of sheep, goats, and other small animals.*—The import trade under this head continued active, the increase amounting to 38·03 per cent. as compared with the previous year, and to 168·99 per cent. as compared with 1888-89. The largest number (55,895 pieces) were registered at the Bairagnia frontier station in Mozufferpore.

12. *Brass and copper.*—The export trade in these metals showed a large decrease of 25·25 per cent. on the return of 1889-90, and of 14·52 per cent. on those of 1888-89. The falling off occurred chiefly in the quantity sent to Nepal from the Mozufferpore district, which exported only 236 maunds against 13,031 maunds in 1889-90.

13. *Iron.*—The export trade in this article is steadily declining, the total quantity showing a falling off of 25·91 per cent. on the figures for 1889-90, and of 31·34 per cent. on that for 1888-89.

14. *Ghee.*—Owing to the dullness of the Calcutta market, the imports under this head showed a large falling off, namely, 46·42 per cent. and 33·32 per cent. in comparison with 1889-90 and 1888-89 respectively. The stations at which the largest imports were registered during the year were as follows:—

21. *Wool, manufactured*.—There was a great recovery in the exports of woollen manufactures to Nepal during the past year as compared with 1889-90, and the figures were very nearly equal to the large traffic registered under this head in 1888-89. Calcutta, which was the chief source of supply, sent Rs. 32,718 worth of goods through the Chumparun district.

22. *Silver*.—The total value of silver imported from Nepal during the past year showed an advance of Rs. 4,12,901 in comparison with the previous year, but the figures were still below those of 1888-89 by Rs. 1,18,470. The fluctuations in the export trade showed an increase of Rs. 61,468 and Rs. 58,386 in comparison with the two previous years. The stations at which the largest traffic was registered during the past three years were —

23. During the past year there was no change in the system under which imposts are levied by the Nepalese authorities on traders after they leave, or before they enter, British territory. The rates of duty at different points on the frontier also remained the same as in the previous year. The usual statement giving details under this head is published in the appendix.

TRADE WITH
TIBET AND
SIKKIM

24. The total value of the trade of Bengal with Tibet and Sikkim registered during the past three years was as follows :—

	Trade with Tibet.			Trade with Sikkim.

25. There was again an increase in the year's trade both under imports and exports, and this may be attributed to a partial withdrawal of restriction of trade across the Sikkim-Tibet frontier. The chief articles of merchandise imported from these two States during the past year are compared below with the figures of the two previous years. The subjoined statement shows the chief articles of merchandise :—
